Government Filing Fees NOT included, but will be billed at the time of application filing. Client will be responsible for covering fees required by the U.S. Patent and Trademark Office for each application filed, which are currently \$250 per Class of goods and services (\$350 per class beginning January 18, 2024).

Based on the information you provide to us, we will provide a list of recommended Classes for your application and you will be able to choose which Class(es) you would like to register in. Most brands choose to only register in the Class that's most important to their brand, while others choose to file in all relevant Classes. You will be able to discuss your options 1:1 with Attorney Erica before filing.
